

The Crypt

A game proudly made by:
Danny Gabriel Rivera Salazarano
David de la Calle Sancha
Pablo Aláñez Fernández

How to execute The Crypt

First, enter the cassette in the tape.

Then, type **run** and follow the instructions given on the screen.

If you run the game on a computer, go to *thecrypt* folder and type **make** and then **cpct_winape-a**

How to play:

Your objective is to beat the crypt levels by defeating all enemies in each one of them.

After killing the enemies in one level, a hole to the next level will be open.
